About the Business Next Level Elevators is an Australian-owned company specialising in the design, supply, installation and servicing of premium residential and light commercial elevators across New South Wales, Victoria and Queensland. The company delivers customised, all-electric lift solutions incorporating advanced European technology, energy-efficient systems and modern architectural integration for residential and commercial developments across Australia.

Due to continued national growth and increasing operational complexity, Next Level Elevators seeks an experienced Management Consultant to support strategic expansion, operational efficiency, and business performance improvement initiatives.

About the Role

The Management Consultant provides advisory services to senior C-level management, reporting on organisational performance and making strategic recommendations to improve efficiency, service delivery, and commercial outcomes across our residential elevator business. The role focuses on investigating and analysing organisational systems,

About the Role

The Management Consultant provides advisory services to senior C-level management, reporting on organisational performance and making strategic recommendations to improve efficiency, service delivery, and commercial outcomes across our residential elevator business. The role focuses on investigating and analysing organisational systems, operational workflows, and management practices, and delivering evidence-based advice to support executive decision-making and long-term business objectives.

Key Responsibilities

- Analyse end-to-end business processes relating to residential elevator sales, design coordination, manufacturing scheduling, installation and servicing workflows, and breakdown response management.
- Review organisational workflows between sales, product design, manufacturing, electrical, logistics, and site construction teams to identify inefficiencies, duplication, and process gaps.
- Evaluate lead times, capacity constraints, and resource utilisation across elevator installations, scheduled servicing, and reactive repair activities.
- Provide ongoing executive advisory services to senior C-level management, including the Chief Operating Officer and State leadership team, on organisational performance, operational effectiveness, and strategic priorities.
- Prepare structured reports for executive leadership analysing business performance across lift installations, servicing, and repair operations.
- Report on organisational performance against agreed objectives, KPIs, and strategic plans, highlighting risks, constraints, and improvement opportunities.
- Make strategic recommendations to senior management based on quantitative analysis, operational data, and business trends.
- Assess the effectiveness of business systems used for job management, scheduling, and financial reporting (including HubSpot, Simpro, Dashboard and Xero) and recommend improvements to system usage and reporting.
- Develop reporting frameworks and management dashboards to provide visibility of

operational data, and business trends.

- Assess the effectiveness of business systems used for job management, scheduling, and financial reporting (including HubSpot, Simpro, Dashboard and Xero) and recommend improvements to system usage and reporting.
- Develop reporting frameworks and management dashboards to provide visibility of performance across installations, servicing, and repair workstreams.

Skills and Experience Required

- Bachelor's degree or higher qualification in Business, Management, Engineering or 5 years of relevant experience in lieu of qualification (required).
- Postgraduate qualification such as a Master of Business Administration (MBA) is highly desirable.
- Experience working within construction, manufacturing, or technically-oriented service businesses is advantageous.
- Strong analytical, reporting, and stakeholder communication skills.
- Proficiency in business systems and reporting tools (experience with HubSpot, Simpro, Xero, or similar platforms is advantageous).
- Current and valid driver's licence.

Benefits

- Competitive salary package
- Collaborative and innovative work environment
- Long-term career development opportunities

Application Process

Applications should include a current CV and cover letter outlining relevant experience.

Next Level Elevators is an equal opportunity employer and welcomes applications from suitably qualified candidates.
