Apply on company site

As a Lifting Technician, you'll be responsible for inspecting, testing, repairing, and maintaining lifting equipment to ensure compliance with safety standards and regulations. You'll work closely with customers to provide expert advice and solutions, ensuring their lifting equipment is reliable and safe to use.

If you have rigging, engineering or hands-on experience working at heights. We want to hear from you!

Join us in ensuring the safety and reliability of lifting equipment while building a rewarding career in a growing industry.

Key Responsibilities

- **Perform** inspections, testing, and certification of lifting equipment, including chains, slings, hoists, and other lifting gear.
- **Conduct** repairs and maintenance on lifting equipment to ensure optimal performance and compliance with safety standards.
- **Provide** technical advice and support to customers regarding lifting solutions and equipment.
- **Maintain** accurate records of inspections, repairs, and certifications.
- **Ensure** all work complies with relevant Australian Standards and safety regulations.
- **Collaborate** with the sales team to identify customer needs and recommend appropriate lifting solutions.
- **Uphold** a strong commitment to workplace safety and quality standards.
