Inner suburbs of Sydney.

Our Client is looking for a Senior Technical Engineer, either trade or engineering-qualified. This new position will involve various tasks. It is necessary to be flexible with skills.

In this position, you will assist the trade team by assessing, testing, Inspecting, and Repairing all aviation lifting equipment, including rigging and dogging equipment.

You will be mostly workshop based and at times doing site visits at airports. Ability to operate conventional machines such as lathes and milling machine would be highly advantages.

TO APPLY YOU SHOULD HAVE THE FOLLOWING SKILLS:

- **Trade or Engineering qualifications.**
- **Assemby and checking components**
- **Repair and maintenance of Lifting equipment**
- **High attention to detail**
- **Excellent communication skills (verbal and written)**
- **Be versatile to undertake various tasks in a day**
- **Must be able to pass a police check and medical.**

This is a great Opportunity for driven individuals who are looking for a long-term and rewarding role with a strong, stable company

Send resume to Craig Bayley
