About John Holland

At John Holland, our purpose is simple - we transform lives with everything we do.

We've always known that infrastructure is about people — our customers, our employees, and the communities in which we work every day.

That's our difference. Deep experience and capability with a genuine care about creating better lives for people along the way.

Be part of the team that's up for the challenge of transforming lives for good.

Expression of Interest

As a result of work in hand coupled with a strong pipeline of projects, we are interested in engaging with experienced **Heavy Lift Engineers, Designers and Specialists** for an upcoming Brisbane-based opportunity within our national Construction Engineering group.

Working at John Holland

You will have a multitude of opportunities to work on some of the largest and most complex construction projects that are being delivered in Australia today.

John Holland's Lift & Shift team provides full lifecycle support to precontract and project delivery teams across all aspects of lift and shift, including cranes, rigging, heavy haulage and specialised heavy lift/shift equipment.

With a focus on developing tailored and cost-effective solutions, the Lift & Shift team supports John Holland's construction teams to optimise construction methods, including equipment selection, and ensure compliance requirements are met.

The team draws on its extensive experience across many industry sectors and extensive library of construction methods to provide onsite and offsite support.

Should you be interested in learning more about how these opportunities could benefit your career, please apply with your latest resume today.

About You

A Heavy Lift Engineer, Designer or Heavy Lift Specialist position with John Holland will require you to hold proven experience and technical competency in planning and delivering lift and shift operations, together with a degree qualification in Mechanical or Civil/Structural Engineering, or a High-Risk Work Licence in Rigging or Cranes as applicable to the specific role.

Proficiency in using AutoCAD & Crane Specialist Software for preparing Lift/Transport plan/s, along with the ability to nurture client relationships and utilise your excellent stakeholder management skills is also essential.

As part of the team, you help us deliver on our promise to transform lives.

Your success is reflected in ours, so we're committed to being an employer of choice. We pride ourselves on having a diverse and inclusive workplace, as different perspectives and ideas will deliver our long-term success.

We want you to be with us for the long-term, so providing you with rich career experiences and ongoing development is our priority.

What's in it for you

We're about connecting your sense of purpose to ours. We understand that your career is one of the biggest ways to have an impact on the world. We also believe in supporting you as a whole person, not just an employee.

We reward and support our people in so many ways. This starts with being flexible about how different people like to work. From generous leave policies to wellbeing and relationship support,

your needs sit at the heart of our employee benefits.

We offer:

Competitive remuneration with salary continuance, and salary sacrifice options.

Great leave benefits including 18 weeks paid parental leave with super and up to an extra 18 weeks of super paid on further periods of unpaid parental leave, multicultural leave exchange and two extra days to prioritise your wellbeing.

Career progression underpinned by our exciting pipeline of work means you'll have the opportunity to work on iconic projects that are shaping cities and communities.

Learning and development opportunities where you'll have access to emerging talent programs, building your career through clear career pathways, plus technical and leadership training and development opportunities.

Inclusion, diversity and equity is part of how we work. We want everyone at John Holland to feel that they belong - that's why we're working hard every day to foster a more inclusive culture, backed by a business-wide inclusion strategy to bring about meaningful change. We've also got active employee resource groups that support our commitments including those around gender equality and reconciliation.

Flexibility means different things to different people. Whether it's flexi-hours, flexi-parenting, flexi-leave, flexi-shifts or flexi-work, we're committed to helping our people work flexibly.
