**The Company**
Going Up is one of Australia's largest independent, Australian-owned elevator companies — proudly manufacturing, installing, servicing, and modernising lifts along the east coast.

With a strong pipeline of projects and a great team culture, we're expanding our Sydney installation team and looking for **Lift Installers** — including qualified **Electricians, Mechanics, or Fitters** who want to move into a specialised, long-term career in the **elevator and lift industry**.

Whether you're an experienced tradesperson or ready to transition into lift installation, Going Up provides a supportive team, structured training, and a strong Sydney project pipeline. Join a smaller, Australian-owned company that values its people.

Our worksites are located across Sydney, with our office based in Brookvale.

**The Role**
As a **Lift Installer**, you'll be involved in the full installation process — assembling, wiring and fitting out new lift systems from start to finish. You'll work alongside experienced technicians, developing skills in one of Australia's most stable and rewarding trades.

**Key Responsibilities**

- Install and fit out lift systems on a variety of projects
- Learn from experienced supervisors and colleagues
- Support testing, commissioning, and site handovers
- Maintain safety and quality standards

**About You**

- Trade qualified or experienced in **electrical, mechanical or construction** work.
- Mechanically or electrically minded, with a strong interest in technical hands-on work.
- Reliable, organised and a strong team player.
