ABOUT US

Are you ready to be part of something extraordinary? At Qube Energy, we are revolutionising the supply chain landscape for the Energy, Mining, and Industrial sectors in Australia's resource-rich locations. As a business unit of Qube Ports, we harness our extensive network and unparalleled expertise to deliver innovative, tailored solutions that drive efficiency and reliability for our clients.

BE SAFE is at the core of everything we do. We are committed to creating a safe working environment for our team and clients, ensuring that every operation is conducted with the highest standards of safety and care. Our focus on efficiency means we are constantly optimising our processes to deliver the best results, while our dedication to reliability ensures that our clients can count on us to meet their needs, every time.

Imagine working with a team that is committed to maximising the value of our current services while boldly diversifying into a full suite of in-house transport, and supply chain services. Our operations are data-driven and supported by cutting-edge systems and IT solutions, all managed by a high-performance team dedicated to excellence.

ABOUT YOU

You will be committed to safety in the workplace and be committed to 100% Chain of Responsibility compliance. We're proud of our 'Zero Harm' initiative and provide extensive on-the-job training to ensure you get home safely at the end of every day.

ABOUT THE ROLE

The Lift Operator will typically work as part of a small team performing well defined tasks where there are a specific objective and outcome. Primary purpose of the role is to operate and control heavy lifting plant and equipment, primarily Reach Stackers (3–45 tonne capacity), to lift, move, position, stack and place containers, heavy cargo and oversized industrial equipment within port, yard and warehouse environments. Ensure all lifting operations are conducted safely, efficiently and in compliance with operational, regulatory and safety requirements.

Multiple positions available.

LOCATION: NORTH WEST SUPPLY BASE, KARRATHA

SPECIFIC RESPONSIBILITIES

- Operate Reach Stackers and other lifting plant to lift, move, load, unload and stack shipping containers, oversized cargo and heavy equipment.
- Select, inspect, test and use appropriate lifting gear including slings, chains, spreader bars, hooks and tag lines.
- Perform dogging, rigging and spotting duties to support safe lifting operations.
- Manoeuvre containers within operational yards and storage areas in accordance with site plans and operational instructions, including controlling the movement of loads and monitoring speed.
- Ensure correct load calculations and safe working load limits are observed.
- Safely load and unload trucks, trailers and other transport vehicles, ensuring compliance with axle weight and load restraint requirements.

- Ensure correct load calculations and safe working load limits are observed.
- Safely load and unload trucks, trailers and other transport vehicles, ensuring compliance with axle weight and load restraint requirements.
- Position and secure loads accurately to prevent damage or instability.
- Operate lifting equipment in confined or high-traffic operational environments.
- Maintain lifting gear and equipment in safe and serviceable condition.
- Conduct daily pre-start inspections of cranes, reach stackers and associated plant and equipment.
- Identify and report faults, damage or unsafe conditions.
- Perform routine servicing and basic maintenance incidental to plant operation, including lubrication and replacement of worn cables.
- Follow Safe Work Method Statements (SWMS) and lifting procedures, including comply with workplace health and safety regulations.
- Complete required operational documentation and records relating to cargo movement and equipment use.

QUALIFICATIONS AND EXPERIENCE

- Hold Certificate II or higher, or have at least 1+ year of experience in a similar role
- Computer literate and experienced in MS Office Suite
- Current Australian Driver's Licence (Car)
- Current Forklift Licence (LF)
- Current Reach Stacker competency
- Mobile Crane Operator qualification (desired)
- Pro-active, goal oriented with excellent attention to detail
- Excellent customer focus and able to consistently meet Qube Energy expectations
- Excellent verbal and written communications skills, including the ability to convey information and ideas to individuals and groups, and make presentations when required
- Demonstrates initiative and a willingness to learn and continuously improve on performance.
- Able to work on multiple projects of various size and complexity
- Analytical thinker with proactive approach to task resolution
