About You

We are looking for a **Project Manager** based in **Sydney, NSW.** This is a full-time role and reports to the Construction Manager - NSW/ACT.

In this role, you will be key in managing and administering Otis New Equipment (NE) and Modernization (MODs) contracts according to Otis 'Sales Installation Process' (SIP).

- Permanent role
- Based in Sydney CBD
- Competitive base pay, car allowance and project management incentive

Modernization (MODs) contracts according to Otis 'Sales Installation Process' (SIP).

- Permanent role
- Based in Sydney CBD
- Competitive base pay, car allowance and project management incentive

As a Project Manager, your key responsibilities will include

- Maintains a high-performance team by recruiting, developing, and motivating field labor, setting appropriate standards of performance, and coaching the team.
- Manage and Administer Otis New Equipment and Modernization contracts according to the Otis' 'Sales Installation Process' (SIP).
- Ensures that Installation teams maintain approved site programs, attend site meetings, and exercise line authority over all allocated installation field labor.
- Proactively reports project risk and deliverable issues.
- Sets objectives and priorities, assigns and reviews tasks, performance, and staffing requirements while maintaining the resource plan.
- Develop and maintain strong relationships with customers, government inspectors, consultants, and within Otis to understand business challenges and recommend innovative integrated business solutions.
- Ensures that reports, contract records, site diaries, accident reports, time sheets, and manpower charts are completed and submitted in a timely manner.
- Participates in monthly project reviews with the branch and head office.

What you will need to be successful

- A tertiary qualification in Building or Engineering and/or an Electrical or Mechanical Trade Certificate is preferred.
- Has 3-5 years experience of leading teams of mechanics, installers, technicians or sub-contractors

- A tertiary qualification in Building or Engineering and/or an Electrical or Mechanical Trade Certificate is preferred.
- Has 3-5 years experience of leading teams of mechanics, installers, technicians or sub-contractors
- Minimum of five (5) years of experience in project management of Lift and Escalator installations.
- Hold a valid driver's license
- Able to engage frequently and effectively with various stakeholders within Sales, New Equipment, Contract Management, Builders, Consultants, and other project stakeholders.
- Excellent English communication skills - written and verbal
- Effective planning and organizational skills.
- Be a self-starter who can work safely and efficiently in a dynamic environment.
- Able to work autonomously and in a team with minimal supervision.
- Committed to excellence and innovation, and have a good work ethics.

About us
