- **Complimentary access to Snap Fitness Clubs.**

About the role

Reporting to the Manager – Product & Projects, this role works closely with internal stakeholders, including legal, to support franchisees, coordinate suppliers, and ensure clubs remain aligned with brand standards and approved specifications.

The Project Manager will contribute to the successful delivery of the club modernisation program by enabling, tracking, and supporting delivery outcomes, while also supporting supplier performance, compliance processes, and the consistent look, feel, and functionality of clubs across the Snap Fitness network.

This position works across three core areas that are critical to the Snap Fitness brand and the experience of its franchisees and members:

Projects & Modernisation

Support the delivery of the modernisation program across Australia and New Zealand through project coordination, supplier engagement, and implementation support. The role focuses on enabling, tracking, and supporting delivery outcomes to ensure clubs meet brand standards and operational requirements. This position does not directly manage construction, builders, or trades, and does not replace franchisee-appointed project managers or shopfitters.

Development & Brand Standards

Support franchisees to maintain compliance with brand guidelines and specifications, ensuring consistency across club design, fit-out, equipment, and facilities while contributing to a high-quality member experience.

Suppliers & Network Partnerships

Support the management of approved suppliers across all club-related categories, assisting with supplier engagement, performance management, and identifying opportunities to improve service delivery and commercial outcomes for the network.

Qualifications and Experience

- Tertiary qualifications in business, project management, construction, design or

with supplier engagement, performance management, and identifying opportunities to improve service delivery and commercial outcomes for the network.

Qualifications and Experience

- Tertiary qualifications in business, project management, construction, design or procurement would be advantageous
- Experience in a project coordination or project management role, ideally within a multi-site or franchised environment
- Strong understanding of the fitness industry, including club operations, fit-outs, equipment and supplier models
- Experience working with suppliers and supporting commercial or preferred supplier agreements
- High level of organisation with the ability to manage multiple workstreams simultaneously
- Strong communication and interpersonal skills to liaise effectively with franchisees, suppliers and internal stakeholders
- Ability to operate confidently in a fast-paced, evolving environment

About you

You are organised, proactive, and comfortable working across both projects and relationships. You understand the importance of brand consistency within a franchised fitness network and enjoy supporting franchisees to achieve the right outcomes while protecting brand standards.

You bring a practical, solutions-focused mindset and are confident working with suppliers, navigating competing priorities, and addressing issues before they escalate. Your ability to build trust, communicate clearly, and follow through on commitments allows you to make a meaningful impact across the network.

With a strong interest in the fitness industry and a developing project management skillset, you're motivated by seeing projects come to life and clubs operating at their best - delivering a consistent, high-quality experience for members.

build trust, communicate clearly, and follow through on commitments allows you to make a meaningful impact across the network.
